Contact ADOT

The Arizona Department of Transportation ADOT provides products and services for a safe, efficient and cost-effective transportation system that links Arizona to the global economy, promotes economic prosperity and demonstrates respect for Arizona's environment and quality of life.

Priorities at ADOT involve resource development and public trust, with goals established to:

- Improve the movement of people and products throughout Arizona.
- Increase the quality, timeliness and cost effectiveness of our products and services.
- Develop and retain a competitively paid, high performing, successful workforce.
- Optimize the use of all resources.
- Enlist the public and political support necessary to meet Arizona's transportation needs.

A listing of the most commonly requested services and programs is provided below, however, additional information may be obtained in the **Department Phone Book**.
